Advice on Receiving Inward Remittances

- ☐ Fill in a Global Inward Form completely in English (block letters)
- ☐ Send the completed form to the remitter via fax, e-mail or postal mail. For corporate remittances, other billing documents, e.g., invoice (s) should be attached.
- ☐ Advise the remitter to contact any bank in their home country to transfer the money to Thailand. The Remitter should prepare identification documents which may be requested by a remitting bank such as ID Card, passports, work permit, commercial registration certificate and other billing documents (if applicable), e.g., an invoice, to send to their bank.
- ☐ Money can be sent from any bank in remitter's country, not only KBank overseas branches.
- ☐ For greater convenience and speed, the sender should be advised to send their money transfer from a correspondent bank to KBank (depending on the currency to be transferred) per the list of correspondent banks on the first page. If you need further information, please contact any Corporate & SME Service Center, KASIKORNBANK.

**...The Bank reserves the right to change the information of correspondent banks at the Bank's own discretion
